Dear Harold -

Heard you on Jim Eason Show 5-14-74. Really frightening to think what is going on in this country. I would like very much to have a list of your books available, & would also like to know what we can do to urge pursuit of the facts regarding Kennedy assassinations, King, & Wallace.

I find it too much to "chalk up" to coincidence. Look forward to hearing from you. PLEASE — HANG IN THERE!

Sincerely,
Don Glass
